Bia agus Mara**

## **SPECIFIC REQUIREMENTS HORSES AND OTHER EQUINES**

### **Premises Registration**

As from 1 May 2012, any premises **(which includes shows, fairs and markets)** where horses or other equines are gathered must be registered with the Department.

Owners/persons in charge of such gatherings are required to submit a completed application form for registration and to keep records of movements on/off their premises. **(This rule does not apply in Northern Ireland)**

*Records must be retained for at least 3 years as they may be required by the Department for the purposes of tracing disease.*

### **Records required are:**

- The name and address of the owner/person in charge of the premises from which the equine came.
- Premises registration number from which the equine came
- Passport number/UEL number of the animal

It is important therefore that Show organisers should contact their local District Veterinary Office in advance so that consideration can be given to compliance with the requirements outlined above.

Any further information on the requirements for moving horses and equines to shows will be provided on the Department's website at:

<http://www.agriculture.gov.ie/animalhealthwelfare/animalidentificationmovement> Department of Agriculture, Food and the Marine

## HSI SHOWING SERIES REGULATIONS

HSI/DAFM funding will only be provided for animals **registered in a studbook with a breed code recorded**. This can include main section studbook equines OR supplementary section studbook equines. Animals with breed code 'UNK', whether breeding is recorded or not, will not be eligible for funding under this initiative.

### Notices of interest to championship participants Irish Law EU Directive)

**Under Irish Law all horses moving from one location to another must be accompanied by their passports. It is in your own interest to ensure this is the case. Failure to do so is an offence under Irish Law and is liable on summary conviction to result in a fine up to €3000. All passports must be registered with the name of the current owner.**

### Embryo Transfer:

Where a foal is produced by this method the dam's passport must bear a declaration dated, stamped and signed by the stallion owner (or accredited practitioner where AI is involved) stating the date on which the dam was last covered (or inseminated) and the name of the covering stallion.

## IMPORTANT NOTICE

Horse-riding is a dangerous sport. While mounted, all competitors and ride judges are required, for their own safety, to wear appropriate head gear that complies with up to date safety standards and is securely fastened.

## Exhibitor Rules

If a qualified exhibitor does not turn up to an ISA final without giving prior notice to the ISA office or to a board member he or she will incur a financial penalty

# THE IRISH SHOWS ASSOCIATION & WEST CLARE SHOW (KILRUSH)

PRESENT

## The All Ireland Ridden 4 and 5 Year Old Connemara Championship

## Important Notice to Animal Owners involved in showing Animals at Shows

The Irish Shows Association recommends that all animal owners with insurance ensure their coverage extends to include their animals while participating in shows. This extension may come at little to no additional cost, depending on your insurer.

This advice is given because, if your animals were to injure someone or damage property, and it is determined that the animal was beyond your control at the time, you could be held fully or partially responsible for any injury or damage caused. As a result, you may be liable for all or part of any court award or settlement.

## Note for Information regarding Movement of Bovine to Shows

The Department of Agriculture implemented a number of changes on 4th February 2019 which changed the procedures and criteria applicable when applying for a Certificate of Compliance for the movement of cattle. These also impact on the certificate which is required when moving bovine to a Show.

The following sets out the criteria applicable:

- The movement of cattle to and from an Agriculture Show within the State must be recorded on the Animal Identification and Movement System (AIM).
- In line with these changes, specific certificates of Compliance for the “Movement of Bovine from a Single Holding to a Show” must now be requested prior to the movement of animals concerned.
- These certificates can be created by (i) applying on-line using their agfood account or (ii) where the keeper is not on line the certificate can be generated by the local Regional Veterinary Office following receipt of a NBAS31K with issue of the certificate being subject to normal criteria applicable. This form will be available on the Department’s Website and will also be included with the Show Circular when issued.
- When applying for this certificate the destination herd / or Show number is not required. The certificate generated will include an “S” symbol.
- **The Certificate of Compliance for a Show will continue to be valid for a period of up to 30 days.** As is currently the case these can be used for the movement of animals to a number of shows during the validity period of the certificate.
- **Please also note—Calves which are less than 10 days cannot be moved to a Show.**

As is currently the case the Movement Notification Section of the Certificate should be Completed by the Keeper and the Show Secretary who must clearly indicate the Show Number. The Show movement should be recorded on the passport. Ultimate responsibility for fulfilling these requirements lies with the Show Secretary. If the animals move to a herd other than the source herd, the new destination herd must complete and sign the certificate also.

***Completed forms should be sent by the Show Secretary to the local RVO within 7 days of the Show.***

**Animal Identification and Movement (AIM) Division, Department of Agriculture, Food and the Marine.**

## \* Irish Shows Association Notice \*

### Department of Agriculture, Food and the Marine Certificate of Compliance Requirements

On the day of the Show, the Certificate of Compliance should be presented to the Show Secretary.

The keeper and the Show Secretary will then sign the Movement.

Notification section of the Certificate **Must** be sent to the local RVO for recording onto the AIM system.

## Important Notice

The (name of show) Committee, acting by itself or through its Agents/Officers, reserves the right to reject or cancel any entry or entries made by or on behalf of any person, corporate or other entity and may direct the removal of any animal or other exhibit from the showing ring or display area and/or from the Showgrounds, if the Committee and/or its Agents/Officers shall deem it fit to do so, without offering any explanation or reason for so doing and without incurring any liability whatsoever to any such Applicant/Exhibitor or his/her/its Agent.

### Department of Agriculture, Food and the Marine

It is vitally important that all Show Secretaries comply with the rule & make sure to send back the **Certificate of Compliance** to your Local RVO Office within Seven Days of your Show taking place as failure to do so is causing untold problems to exhibitors.

After submissions from affiliated Shows on Judging of Calves & the need judged them by weight rather than by age at Shows

The Irish Shows Association Cattle Sub Committee have put forward the following **recommendation** on use of live weight for calf classes e.g.

*Calves under 12 months not to exceed 460 kg (Autumn born calves and Calves under 6 months)it recommends that the weight should not exceed 320kg)*

Another suggestion is to use no more than **1.7kg** live weight gain per day from the birth date to the show date.

### New Rule for Exhibitors

- If a qualified exhibitor does not turn up to an ISA final without giving prior notice to the ISA office or to a board member he or she will incur a financial penalty
- Pedigree cattle, whether registered or not, cannot be presented in Commercial Cattle Showing Classes.  
ISA reserves the right to check the Genotype details

## Important Notice to Animal Owners involved in showing Animals at Shows

The Irish Shows Association would advise all Animal owners who have their Animals Insured to have the Insurance cover extended to cover them while showing Animals at Shows, it may cost very little or nothing at all depending on who you have Insurance with.

The reason for giving this advice is that if your animal were to injure someone or damage someone's property, and it is established that your animal was out of your control at that time, you may be held responsible or partly responsible for any injury or damage caused, and could end up paying all, or part of any Court Award or settlement reached.

# Department of Agriculture, Food and the Marine

## SPECIFIC REQUIREMENTS – SHEEP

### IDENTIFICATION

All sheep must be identified individually with appropriate ear tags issued in accordance with the requirements of the National Sheep Identification System (NSIS).

### MOVEMENT DOCUMENTATION

All consignments of sheep being moved must be accompanied by a completed dispatch document. Individual details of each sheep in the consignment must be recorded on the document. Sheep from non-restricted flocks only can be moved to shows. In the case of flocks restricted following diagnosis of scrapie, sheep possessing the ARR/ARR genotype only may be exhibited. The movement of these ARR/ARR genotype sheep must be accompanied by the relevant movement permit (SCR/10), which can be obtained from the local District Veterinary Office in the county where the flock is located.

### AIM NOTIFICATION

The movement of sheep to and from an Agricultural Show within the State must be recorded on AIM. This is done using a copy of the owners sheep dispatch document as follows:

1. The owner/keeper presents the signed and completed dispatch document to the show secretary who checks it to ensure that it is completed in full.
2. The show secretary fills in the MART section of the dispatch document with (i) the show number, (ii) the date of the move back to the source holding stamps it with the (iii) show stamp and (iv) signs the dispatch document.
3. The show secretary then forwards the completed pink section of the dispatch document to the local DVO within 7 days of the show movement.
4. The show secretary keeps white copy for his/her records.
5. The source/destination keeper keeps the bottom yellow copy to enter it into their flock register. Ultimate responsibility for fulfilling this requirement lies with the Show Secretary.

### FLOCK REGISTER

All movements of sheep to and from shows must be recorded in the keeper's flock register.

### EXPORTS TO NORTHERN IRELAND

All sheep must be accompanied by a TRACES intra-community trade certificate for ovine animals. A TRACES message, corresponding with the TRACES certificate, will be sent for each animal or consignment being dispatched to the show (this will be performed by Department officials of the DVO). Exhibitors are advised to contact the show society in Northern Ireland well in advance of any show to determine the suitability of the show for return of animals (e.g. premises and sheep status), and whether the authorities will have officials and veterinary staff present to supervise and process documentation for animals returning to origin.

### New Rule for Exhibitors

**If a qualified exhibitor does not turn up to an ISA final without giving prior notice to the ISA office or to a board member, he or she will incur a financial penalty**
